

## Words about learning and quality

transformation

sustainability

societal influences / learning

systems thinking

control

incremental improvement

breakthrough

-----

learning organisation

leadership

individual leadership

organisation change and development initiatives

leadership as social capital

Some words may turn up at the Chartered Quality Institute  
Deming Special Interest Group  
Sept 13th 2007

[http://www.thecqi.org/deming/deming\\_events.shtml](http://www.thecqi.org/deming/deming_events.shtml)

Plenty of spare places at the moment

Other words from  
Organisational Archaeology  
Dr Kevin Roe and Professor John Burgoyne

<http://www.mbaworld.com/printblrarticle/1039/index.htm>

may also turn up at meeting on  
Changing Forms of Organisation: Implications for Leadership and Leadership Development  
Wednesday 19th September, The Work Foundation, London  
Fully booked

[http://www.centres.ex.ac.uk/cls/events/event\\_detail.php?id=177](http://www.centres.ex.ac.uk/cls/events/event_detail.php?id=177)

This started as a Google doc starts with some words from two sources, both linked to meetings coming up in September 2007. They can be moved around and comments can be added but not everything has to be explained.

I am interested in linking ideas about quality management and learning organisations. I work on a website called learn9 - learning with ISO 9000.

<http://www.learn9.net>

Most recent project is a Swicki
